CLASSIC₃

“Classic 3” gel varnishes are a collection consisting of 22 shades. She embodies tenderness and naturalness, lightness and elegance. Translucent shades without mother-of-pearl and sequins will help to create a camouflage effect, and a wide palette will not be limited to classic powder shades, allowing you to choose your own individual color.

Gel varnishes of the “Classic 3” collection can be worn as an independent manicure, or decorated with foil, gold or silver sequins, rhinestones. It is also ideal for wedding manicure, designs in the style of ombre, “babyboomer”. A simple but elegant French jacket with a milk base and a gold border will successfully complement the wedding image, and a New Year's dress, and a business suit.

Naturalness, tenderness and femininity are always in fashion, so a manicure with shades of the “Classic 3” collection will definitely not give up its positions.
